FOREWORD

Greetings to all iris fans wherever you may be! Many long hours have gone into the forming and printing of this little catalog and we hope it will give you pleasure. We hope, too, that you will find items of interest and will send us an order. To those of you who are old customers, you know the quality of our Washington-grown rhizomes. To prospective new customers, try us and we know you will be pleased. We will treat you right. We get many repeat orders the same season from satisfied customers.

The high postal rates have made us curtail listing of many of the older iris. So these have had to be dropped. We have added more new iris to take their places. Thus the garden and the catalog contain newer, more up-to-date quality varieties.

The garden gates are open on week days from 10:00 A.M. to 5:00 P.M. During blooming season, we are also open Saturdays and Sundays same hours; evenings by appointment. You are cordially invited to visit the garden and see the modern iris, the rockeries, and the shrub and flower borders. Each year we seem to expand a little more, and this past year was no exception. More acreage has been planted to iris. Changes have been made in the landscaping to further enhance the beauty of the setting.

Lots of newer iris, in too short supply to list in the catalog, are being grown here to increase stock so as to be able to list them another season. We grow lots of "Guest" iris—showing and testing them for other hybridizers. Annually thousands of new seedlings bloom for the first time. Re-selected seedlings are grown and tested to see if they merit introduction. Come and see them and let us know which ones you like.

We'll be looking for you. If you can't come, be sure to send in that order and do it early. We'll treat you right, of that you can be sure.

GORDON W. PLOUGH

About the catalog

Much research and checking has gone into forming this catalog. In the main variety list, after the variety name comes the hybridizer's name and the year the iris was introduced. Next comes the symbol for the season of bloom—E, M, L—signifying Early, Mid-season and Late. After this in parenthesis is the breeding. Here look first for the capital "X." To the left of this is the pod parent. To the right is the pollen parent. This capital "X" is my own idea. In involved parentages, it is proving invaluable in helping to simplify and speed up reading of these lineages. Fern Robinson, the Registrar of the American Iris Society, has adopted this idea and it is now officially a part of the records in listing the new varieties that are registered each year. Following the parentage is a brief description. Then comes the awards an iris has won.

A word about the awards may help you who are not A.I.S. members to understand them. H. C. (High Commendation) is an award given to a seedling iris, either under number or name, not introduced at time of judging. This is a recommendation that this variety is worthy of introduction. Next honor in line that an iris may win is the H. M. (Honorable Mention). Any iris that has been officially registered and introduced before the current July 10 is eligible for this award. Next comes the A. M. (Award of Merit). This award is given only to those iris that have won an H. M. not less than two or more than five years prior to the current season. The top award is the Dykes Medal. For a tall bearded iris to win this, it must first have won an A. M. during the previous four years. Mention should be made here, too, of the President's Cup award. This is given to the outstanding iris variety seen at each yearly convention of the A.I.S.

So keep in mind in reading this catalog that there is just one Dykes Medal awarded each year. There are 12 A. M.'s awarded each year (or more if a tie vote appears for 12th place). There is no limit to the number of H. M.'s awarded each year. A variety must receive 12 A.I.S. judges' votes to get this award. There were 57 H.M.'s awarded to Tall Bearded iris in the 1957 voting.

Cultural Directions for Bearded Iris

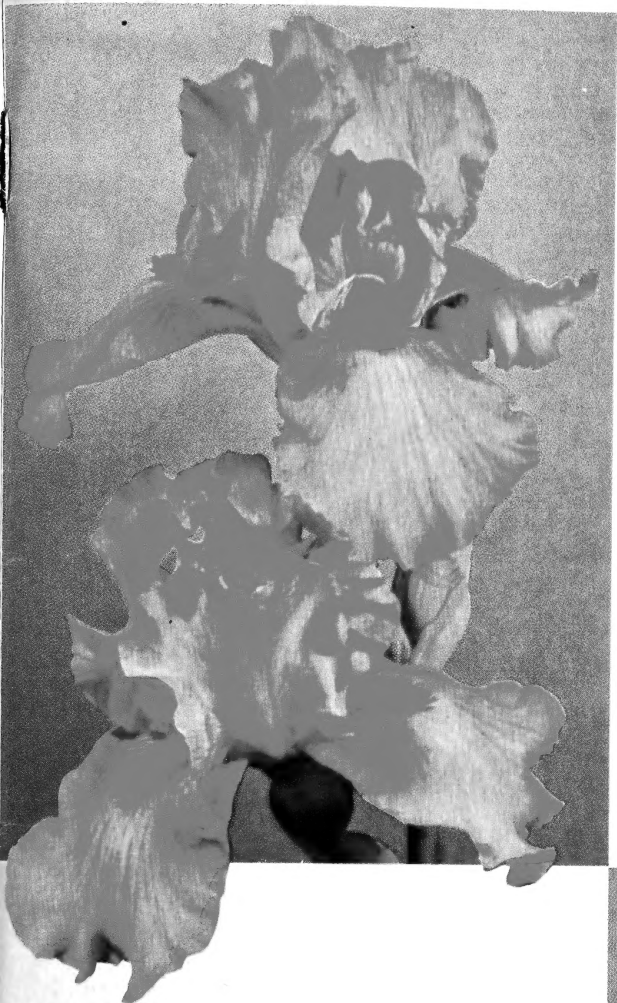

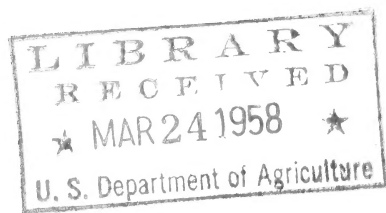

Rhizomes will be shipped to you in a firm condition and should be planted as soon as possible after they are received. If you are unable to plant on receiving them, then be sure and keep the rhizomes in a dry and cool place until you can plant them.

Your soil should be damp before planting and a good wetting after planting is usual, depending on weather conditions. After roots are well established, be careful and DON'T water too often. Bearded iris demand good drainage. If your soil is heavy and poorly drained, set the rhizomes a little higher than the surrounding soil. The rhizome should be planted so the soil just covers it and no more; be sure and spread the roots well and firm the soil around them. This will anchor the rhizome until the new roots form.

In early spring a side dressing of WELL ROTTED manure produces beautiful blooms. Care must be taken not to allow any fertilizer to come in direct contact with the rhizome. Separate your plants about every third year for best results.

A small handful of bone meal to each plant well worked through the soil before planting is advised.

1958 INTRODUCTIONS — Continued from page 4

Here again is the cream of the crop of the Nelson seedlings. Mrs. Ralph S. Nelson (Jeannette) of Coeur d'Alene, Idaho, is the green thumb lady from the land of the tall pines. Her four introductions of last year were very well received. They are Call Me Madam, Hot Mustard, Monkey-shine, and Viking. We have exercised the same discriminating care in selecting the following iris from her large seedling block. They are all beautiful iris and also will be of great interest to hybridizers.

CAUTION LIGHT (J. Nelson '58) ML. 40 in. No. 54-61-1. (Truly Yours X Dolly Varden). This very large Buttercup Yellow, Wilson 5/2, will slow the traffic in your garden. It has well domed standards and flaring, smooth, lace edged falls set off by a large wide orange beard. An outstanding yellow from pink parentage, it has a lovely flower of excellent substance and a tall, sturdy, well branched stalk. Fertile both ways.....\$20.00

DUKE OF BURGUNDY (J. Nelson '58) EML. 48 in. No. 55-106-1. (Gene Wild X Black Hills). From its plicata ancestry, one would not expect this very smooth, dark burgundy iris. The huge, heavily substanted flower has a nine-inch spread with standards well domed and falls wide and flaring. Its sultry beauty is enhanced by a wide brown beard. The tall stalk is very strong and unusually branched, having four branches and terminal. It blooms over a long period and is very hardy and free from disease. It is fertile both ways. H. C. '57....\$25.00

MAGNET (J. Nelson '58) M. 32 in. No. 55-120-2. (Apricot Glory X Palomino). The great charm of this flower lies in its coloring. It received its name because its great brilliance acted as a magnet for visitors. It has vivid Apricot, Wilson 609/1, standards, and falls of the same shade lightened with some buttercup yellow on the sides. The beard is a wide, fiery red. The very conspicuous buds are a bright cadmium orange. It is a strong grower and fertile both ways.....\$20.00

SOARING KITE (J. Nelson '58) ML. 42 in. No. 55-97-3. (Party Dress X Snosheen). As the name implies, this flower is tall, light, and airy. The form is very flaring and ruffled, and the color is a cool, refreshing ivory with a suggestion of pale Primrose Yellow, Wilson 601/3. This is fertile both ways, has good form, substance, and branching, and is a fine increaser and performer.....\$20.00

Making the wheels turn in the garden again were Gerry Smith and Jerry Bainard. Both are Seniors this year in Eastmont High School. Both played on the football team and helped to make this Eastmont's best season in history. Goldie Wyatt worked in the garden again from early Spring until apple packing time in the Fall. Newcomers and brothers, Jim and Tommy Samuel helped in the planting and shipping and did a fine job. These are the people most responsible for the fine large rhizomes we were able to ship to you last Summer. Others who helped out in the garden at different times included Derrel Foreman, Michael Smith, Dorothy White, and Alan Witte. Joan Overman and Estelle West took care of the stenographic duties.

PLEASE READ CAREFULLY

Get your order in early. We ship only during July and August. On all orders postmarked before May 31, 1958, you may select 10% of your iris order (value) as an added premium. This is not a cash discount and should not be used as such.

1958 OFFER

Minimum order \$5.00

On orders from \$ 5.00 to \$10.00..... you may select 25% more value in free iris

On orders from \$10.25 up..... you may select 50% more value in free iris

Here are examples as to how this works. Your order may look like this:

1 Eastmont	\$7.50	1 Butterscotch Kiss	\$35.00
1 Laurel Hill	1.00	1 Hudson Bay	20.00
1 Safari \$2.00	Free	1 Williway	5.00
	\$8.50	1 Chumstick \$5.00	Free
Postage and packing50	1 Hindu Wand \$25.00	Free
Check enclosed	\$9.00	Check enclosed	\$60.00

Please do not figure out the mathematical percentages and show discount, but enter order as shown in examples above. In this way you select your own free extras. We do not allow you to pay for part of the value of one iris and take the balance of cost of this same iris as your free extra. (This would be the same as a cash discount.) Remember, we have no cash discount.

Order early as some varieties are in short supply. On later orders, please give us second choices on free premium iris. This will save time and correspondence. Keep in mind that we ship only during July and August.

Remember that we pay postage or express on orders of \$10.00 or over in U.S.A. For orders of less than \$10.00, please add 50c to help defray shipping and handling costs.

Please do not write letter on order blank, but use separate sheet. All orders will be promptly acknowledged. If you list your order alphabetically, it will save us time and money. You will gain by it, too; try it and see.

We do not issue a Wholesale list. Dealers, send us alphabetical list of stock in which you are interested and we will quote you. Please use your letterhead or give other evidence of your commercial status.

TERMS: Cash with order. Please remit with money order or check made out to Eden Road Iris Garden. No C. O. D. orders or stamps accepted. Minimum order \$5.00

POSTAGE OR EXPRESS will be paid on orders of \$10.00 or over. On orders less than \$10.00, please add 50c to help defray handling and shipping costs. U.S.A. only.

FOREIGN SHIPMENTS are F.O.B. Wenatchee.

SHIPPING will be by rotation as orders are received and will begin in early July and continue through August.

GUARANTEE: All rhizomes are guaranteed to be true to name, labeled, top quality and size, free from insect pests and disease. If for any reason you are not completely satisfied please notify us promptly. On failures to grow, notify us by November 1.

WASHINGTON STATE RESIDENTS only—please add 3 1/3 % Sales Tax.

- COLOR HARMONY** (Mitchell-LaFrenz '54) EM. 40 in. (Sultan's Robe X Mitchell Sdlg.). Blended bicolor. Standards are golden buff flushed bluish violet. Falls same edged golden buff. Unusual coloring in this flaring beauty. Good substance. \$5.00
- COLOR SARGEANT** (H. Hall '49) ML. 37 in. (From two Sdls.). Rich red of large size and good form. Golden brown beard. Tall and well branched. \$2.50
- COLUMBIA** (Tompkins '52) ML. 36 in. (Sib to Courtesy) X (Annabel x Narian). Medium blue. Flowers are full, with wide petals, heavy substance, and gleaming finish. Well branched and long blooming. H. M. '52. \$2.50
- COMANCHE** (Sass '55) M. 38 in. (Port Wine X Port Wine). A larger and richer version of Port Wine. Very colorful and showy. . \$2.00
- CONCORD VELVET** (Crosby '52) M. 38 in. (Wm. A. Setchell X Sable). Large well formed flowers of rich deep purple. Well branched. H. M. '52. \$1.50
- CONGO** (Schreiner '53) M. 36 in. (Ethiopia Queen X Velvet Dusk). Very dark red purple with black undertones. The large flowers are well displayed on widely branched stalks. \$2.50
- CONQUEROR** (Wells '56) M. 36 in. (Involving China Maid, Tiffany, Rich Raiment, Molten, Savage, and Rosired). Fine new rich deep red of a pleasing shade. Form is very good. Growth is vigorous and bloom is abundant. \$12.50
- CONQUEST** (Marx '52) EM 30 in. (Snoqualmie X Capitola). Full, well rounded, Mohr type flower of grayed-lavender coloring. Attractive, vigorous, and hardy. \$4.00
- CONSTANT COMMENT** (D. Hall '54) M. 36 in. (Two Sdls.) Apricot pink self with a heavy red-orange beard. Flowers are large and heavily subtenced with finely notched edges. Husky grower. H. M. '56. . . . \$3.00
- CONVENTION QUEEN** (Muhlestein '54) ML. 40 in. (Salmon Shell X Pink Fulfillment). Attractive peach pink of large size. Petals are wide and of good substance. From a breeder who knows his pinks. H.M. '55. \$12.50
- CORDOLON** (Schreiner '53) ML. 40 in. (Gypsy Rose X Alpine Glow). Beautiful blend of rose and tan. Flowers are large and with heavy substance and help prolong the iris season \$2.00
- CORONATION RED** (H. Hall '53) M. 39 in. (Color Sargeant X Garden Glory). Glowing, non-fading oxblood red with the standards slightly lighter in tone. The flaring falls have a velvety finish and are clean-hafted. Rich orange beard. Wide branched and vigorous. Very brilliant and fine. H. C. '52. \$3.50
- CORONATION TAPESTRY** (Craig '53) M. 36 in. (Gay Senorita X Joppa Parrot). Strangely blended and veined bi-color. This is rich and striking in mahogany, lilac, rose, gold, and brown \$3.50
- COUNTRY BUTTER** (Sass '53) ML. 36 in. (Sable x Starless Night) X ((Snowking x Sdlg.) x Ola Kala). Bright deep butter yellow of heavy substance. Unusual pedigree may make it useful for hybridizing. H. M. '54 \$2.50
- COUNTRY EDITOR** (DeForest '55) M. 40 in. (Sdlg. X Rodeo). Sib. to By-line. Plicata with yellow ground. Wide standards. Falls are wide, well rounded, and lightly marked with brown. Colorful. \$7.50
- CREAM CHIFFON** (Innes '53) M. 38 in. (Blue Rhythm X Ruth). A sensational flower from an unusual cross. Standards are light canary; falls are creamy with canary beard. A big frothy cream of fine form on a tall, very well branched stalk. Very fine. . . \$2.50
- CREAM COCKATOO** (Keith) M. 34 in. (may be sport of: California Gold X Happy Days or may be California Gold X Zebra). This is listed for the hybridizer mainly. The foliage is variable, running from all green to all white with some fans variegated and others nicely striped. The flower is quite large and of a clear light yellow. It is semi-flaring in form. Cream Cockatoo may produce something unusual. A pink iris with foliage of Zebra would be a sensation. Mr. Keith consented to let me list this interesting variety so that hybridizers might have access to it for breeding. Earliest orders will receive the most uniformly striped fans. \$2.00
- CREAMGLO** (Vallette '57) M. 38 in. (Chantilly) X (Muhl. Sdlg.: Gold Ruffles x (Alice Harding x Type Dore)). A new cream beauty with a butter-yellow glow at the haft and in the heart of the flower. Should be a wonderful breeder to put lace in the pinks. . \$7.50
- CRESCENDO** (Tompkins '55) ML. 39 in. (Manana X Garden Glory). A new red not unlike Garden Glory, but a much better performer, and on a taller stalk. The broad heavily subtenced petals have a velvety, non-burning finish. Branching is excellent. H. M. '55. \$15.00
- CRINKLED RIBBON** (Schreiner '56) M. 36 in. (Pathfinder X Rose Splendor). Blend of topaz, rose, and pink. May carry the lacing factor as there is a very light crinkling on the edges \$5.00

- CRINKLED SUNSET** (Plough '57) ML. 32 in. (Quest X Cliffdell). Sib to First Flight. A very heavily laced and shirred creation. A blend of sunset coloring, the standards are lavender and buff while the falls are violet, pink, and buff. If you are working with lace, you will want this beauty to work with. Very colorful. Pictured on page 24. . . . \$15.00
- CRISPETTE** (Schreiner '54) M. 34 in. (Involving Harriet Thoreau, Angelus, Matula, etc.). This deep orchid beauty gives a feeling of sturdiness and massiveness yet it is ruffled and the petal edges are fluted and lace edged. A. M. '57. . . . \$5.00
- CRITERION** (G. Douglas '51) ML. 38 in. (Extravaganza X Wabash). Large new amoena with white standards and deep violet blue falls edged in white. Showy and fine. H. M. '52. . . . \$2.50
- CRYSTAL CLEAR** (Craig '51) M. 34 in. (Purissima X Capitola). Smooth blue with a faint green tinge. Full Mohr type flower. Distinct looking and hardy. . . . \$3.50
- CUBA LIBRE** (Plough '57) EM. 35 in. (Aladdin's Wish X Cuban Carnival). Fancy type plicata with standards of pansy violet and falls of plum purple. Bright, clear yellow on the hafts and throat. Styles are yellow and violet. Name is pronounced Cu'ba Lee'bray. Very strong grower. . . . \$10.00
- CUPID'S DART** (Craig '53) M. 45 in. ((Mount Washington x Flora Zenor) X Sib). Clear opera pink of good carrying power with bright red beard, and hafts of deeper warm pink. Tall and flowers heavily. . . . \$3.50
- DAMASCUS BLADE** (C. White '53) M. 38 in. (Involving Quaker Mischief. 1/4 onco. blood). An exotic steel gray with a light blue blaze in the falls. There are some shadings of mauve-pink and brown, but the effect is gray. Sensationally different—a real breeder's triumph. . . . \$3.50
- DANCING DEB** (Tompkins '52) ML. 38 in. (Delilah x Seashell Sdlg.) X (Jake). Nicely formed flower in clear, light heliotrope. The petals are broad and ruffled. Falls are flaring. H. M. '53. . . . \$3.00
- DANCING DOLL** (R. Brown '57) ML. 42 in. (Heritage X Temple Bells). Showy golden-apricot self with orange-tangerine beard. Form is flaring with wide petals and good substance. . . . \$10.00
- DANCING RIPPLES** (Sass '56) M. 36 in. (Involving Maid of Astolat, Lake Huron, Blue Shimmer, etc.) X (Porcelain Blue). Pure white ground plicata lightly marked clear light blue. One of Mr. Henry Sass' beautiful Swan Songs. H. M. '56. . . . \$15.00
- DANCING TIGER** (Schreiner '53) M. 38 in. (Two Sdls.). Beautiful new yellow-ground plicata marked with brown. A big improvement in this color class, this is bright and showy with fine form and good growing habits. . . . \$4.00
- DANCING WATERS** (Sass '50) M. 36 in. (Blue Shimmer X ?). White plicata trimmed in bright blue. Fine form, heavy substance, and smooth finish. . . . \$1.25
- DARK BOATMAN** (P. Cook '54) M. 34 in. (Black Forest X Sdlg. involving Modoc, Sable, and Black Wings). Much sought after dark beauty. Standards are deep violet and falls are black with violet tinge. Deep violet beard. Haft is clean, and flower is well substantiated. A. M. '56. . . . \$10.00
- DARK CHOCOLATE** (Murray '54) EM. 36 in. (Tobacco Road X Grand Marshal). Large dark chocolate brown self. Petals are wide. Form is flaring. Well liked here last season. Hardy. H. M. '54. . . . \$8.00
- DARLENE WATERS** (Linse '56) E. 40 in. (New Snow X Capitola). Very large light blue-violet hybrid. The flowers are full and broad and are well displayed on a tall stalk. Very fine. . . . \$10.00
- DAWN PINK** (Nesmith '53) ML. 38 in. (Barbara Luddy x Sdlg.) X (Courtier). Bi-tone with standards of clear shell pink and falls of deeper azalea pink. Heavy substance and non-fading. Gives a very pink effect. H. M. '53. . . . \$4.00
- DAZZELIER** (D. Hall '52) L. 40 in. (Ola Kala X Wm. Miller Sdlg.). Large, rich golden-orange. Reminds one of the dazzling brilliance of the setting sun. . . . \$2.00
- DEEP BLACK** (P. Cook '55) ML. 36 in. ((Black Forest x (Captain Wells x Indiana Night)) X ((Modoc x Black Wings) x Indiana Night)). Standards are blackish violet. Falls are solid jet black over all. Beard is deep violet. Medium sized flowers. The blackest iris to date. A. M. '57. . . . \$12.50
- DEEP DEVOTION** (Tompkins '56) ML. 40 in. (Cotton Candy X Apricot Supreme). Colorful pinkish orchid set off by a glowing peach pink beard. A glowing color that stands out in the garden. H. C. '54. . . . \$15.00
- DEEP MAROON** (Muhlestein '52) M. 30 in. (Rubeo x Garden Magic) X (Garden Glory). Smooth dark maroon red with standards a little lighter than the falls. Velvety finish, good branching. . . . \$2.00
- DEFIANCE** (Tompkins '53) ML. 34 in. (Manana X Technicolor). Rich cardinal red self near crimson. The medium sized flowers have nice form and good substance. An advance in red breeding. One the hybridizers are using heavily. H. M. '53. . . . \$15.00
- DERWENTWATER** (Randall '55) M. 38 in. (Helen McGregor X Cahokia). Clear light Spectrum Blue. This makes many other blues look lavender. Large blooms with wide hafts and flaring form. Strong well branched stalks. A grand new English beauty. . . \$8.50
- DESERT FLOWER** (Sass '55) M. 36 in. (Involving Mme. Louis Aureau, Orloff, sdls.). Here is something different—a blended bi-color plicata. The standards are light yellow flushed tan. The falls are white overlaid violet and edged with yellow-tan. Colors are all in pastel tones. . . . \$6.00
- DESERT TWILIGHT** (Miess '52) M. 40 in. (Sierra Snow X Ming Yellow). Pastel shade of violet-lobelia with warm mauve-wood brown hafts. Golden yellow beard. Large flowers with domed standards and flaring falls. Heavy substance. H. M. '52. . \$4.50

NEW ADVENTURE (Muhlestein '54) EM. 38 in. (Loomis Sdlg. X Pink Formal). The first of a new race. At last a plicata with a tangerine beard! Pink Formal must carry the plicata gene as Opal Brown also got a tangerine bearded plicata — Captain's Lady — by using it. Tell is too modest in his description of this New Adventure into iris breeding. Background color is white with pinkish violet markings. The beard adds the spark that sets it off. Really gay and charming\$5.00

NEW HOPE (DeForest '50) EM. 36 in. (Involving Alta California, Sacramento, Tiffany, and Blue Shimmer). Large, beautifully formed white ground plicata with heavy pattern of dark violet-blue. Very heavy substance. Simply stunning. H. M. '51..\$1.50

NEW LOOK (P. Johnson '52) EM. 33 in. (Wm. Mohr X ?). Rich mulberry red-purple with large flowers of wide parts. Standards are held rigidly upright showing to advantage the intricate veining and the extra large style arms.....\$2.00
